# RAINWATER SYSTEMS

# RAINWATER SYSTEMS

Rest assured that when you choose any gutter, downpipe or fascia from Metalcraft Roofing's wide range of rainwater products, you choose a product that is manufactured from one of New Zealand Steel Limited's trusted brands.

For over 60 years Metalcraft Roofing has been sheltering families from New Zealand's extreme environment. Our long standing history and solid material warranties, backed by New Zealand Steel, give you assurance of quality and peace of mind, knowing the products you purchase from Metalcraft Roofing will endure for many years to come.

## BOX GUTTER 115

Box Gutter 115mm looks great with profiled Longrun sheeting or Tile Roofing. An Internal nylon bracket is available for this profile and it is suitable for use with Fascia 185, Fascia 155 and Fascia 135.

Manufactured in Wellington. Available nationwide.

## BOX GUTTER 125

A popular rainwater system solution that is predominantly used in residential applications. With clean, bold lines and a high face. Box Gutter 125mm conceals the sheet ends at the eave line and looks great with profiled Longrun sheeting or Tile roofing. Internal and external brackets are available in this profile and it is suitable for use with Fascia 185, Fascia 155 and Fascia 135.

Manufactured in Auckland and Palmerston North. Available nationwide.

## BOX GUTTER 175

A popular rainwater system solution that can be used in either commercial or residential applications. It is able to handle larger volumes of water, and is easy to clean out if required. Box Gutter 175mm can be fixed either with internal or external brackets.

Manufactured in Auckland. Available nationwide.

## BOX GUTTER 300

A rainwater system that provides excellent water discharge capacity for commercial projects. It is able to handle larger volumes of water, and is easy to clean out if required. Box Gutter 300mm is fixed with external brackets.

Manufactured in Auckland. Available nationwide.

## SQUARELINE GUTTER

A popular rainwater system solution with the clean, bold lines of Traditional box gutter but with more modest dimensions, it has become popular for use in residential applications. Optional overflow slots prevent water spilling over the back of the gutter should blockage occur. Squareline looks great with profiled Longrun sheeting or Tile roofing. Internal and External brackets available.

Manufactured in Christchurch. Available nationwide.

## HALF ROUND GUTTER

Half Round Gutter adds class and distinction to the eave line of any dwelling. Half Round Gutter looks great with profiled Longrun or Tile roofing. External brackets available.

Manufactured in Christchurch. Available nationwide.

## HILINE GUTTER

A stylish alternative to the standard box gutter profile. The high sloping front face hides sheet ends and creates a feature at the eave line. Suitable for use on Fascia 185. Looks great with profiled Longrun sheeting or Tile roofing. Internal and external bracket options available.

Manufactured in Hamilton. Available nationwide.

## COLONIAL QUAD GUTTER

The Colonial Quad Gutter uses concealed brackets and is compatible with Fascia 185, Fascia 155 and the Fascia 135 or a timber fascia. Snow straps are available to suit this profile. Internal and External brackets available.

Manufactured in Palmerston North, Hamilton, Cromwell and Christchurch. Available nationwide.

## QUARTER ROUND GUTTER

A classic gutter profile that compliments any eave line. Looks good with either profiled Longrun or Metal Tile roofing.

Manufactured in Palmerston North. Available nationwide.

## QUADLINE GUTTER

Quadline Gutter is our latest residential gutter profile and uses concealed internal brackets and is compatible with Fascia 135 or timber fascia.

Manufactured in Auckland. Available nationwide.

## RIBLINE INTERNAL GUTTER AND FASCIA

An external fascia with concealed gutter rainwater system. Modern design and technology provides an efficient system of rainwater collection behind an attractive prepainted steel fascia with neat profile lines.

Manufactured in Wellington. Available nationwide.

## FASCIA 135

Used on both eave line and gables in conjunction with both the Quadline Gutter and Colonial Quad Gutter to provide a quality Fascia and Gutter Solution. Fascia 135 is also compatible with most gutter profiles and looks great with any residential roof finish.

Manufactured in Auckland. Available nationwide.

## FASCIA 155

Used in conjunction with Squareline gutter and other continuous spouting systems and looks great with any residential roof finish.

Manufactured in Wellington. Available nationwide.

## FASCIA 185

Used on both eave line and gables in conjunction with the Colonial Quad Gutter to provide a quality Fascia and Gutter Solution. Fascia 185 is also compatible with most gutter profiles and looks great with any residential roof finish.

Manufactured in Palmerston North, Hamilton, Christchurch and Cromwell. Available nationwide.

All gutter and fascia 3D renders are indicative.

## ROUND DOWNPIPE

---

The Round Downpipe looks great in combination with the Metalcraft Roofing range of box gutters.

80mm

Manufactured in Christchurch. Available nationwide.

## RECTANGULAR DOWNPIPE

---

Excellent alternative to the standard round downpipes available and looks great in combination with the Metalcraft Roofing range of box gutters.

55mm

75mm

Manufactured in Christchurch. Available nationwide.

## STEEL SOURCING

---

Our wide selection of roofing and rainwater systems are manufactured from New Zealand Steel Galvsteel®, Zinalume®, Colorsteel® Endura® and Colorsteel® Maxx®.
